

QUALITY POLICY

MAFFRA TRENCHING & BORING PTY LTD is committed to creating a business environment that is based on best practice and will ensure sustainable (long term) positive development for all parts of the business including employees, and other MTB entities.

The customers' needs and expectations as reflected in our agreements will always be paramount and honoured.

MAFFRA TRENCHING & BORING PTY LTD are committed to achieving the following: -

- Deliver products and services to the agreed requirements;
- Comply with the provisions of the appropriate laws and regulations;
- Satisfy the requirements of sound commercial and engineering practices;
- Encourage co-operation, effective teamwork, trust, and involvement in our work environment;
- Work with MTB groups and suppliers to evaluate and improve products and services;
- Promote a culture of continuous improvement with the organisation;
- Develop a safe and environmentally friendly work environment for our employees and the community.
